# Fishing in the Pennsylvania Wilds

Cast yourself into every angler's dream. Let the lakes and streams of the Pennsylvania Wilds lure you away from your cares. Throughout an area boasting two million acres of forested public lands and covering 12 counties, there are seemingly endless streams, rivers and lakes that beckon you to drop your line and catch that elusive native trout, largemouth bass, walleye, or frisky pan fish.

Imagine dropping a line into a mountain stream surrounded by miles of undisturbed wilderness yet close enough to services that make your fishing getaway effortless. That's the experience you'll find in the Pennsylvania Wilds.

So, pack your rod, grab your creel, put up the "Gone Fishin'" sign and venture to the Pennsylvania Wilds.

## What do I need to know before I go?

You should have a basic knowledge of Pennsylvania's fishing regulations. The best resource for this is the Pennsylvania Summary of Fishing Regulations and Laws, or Summary Book as it is known. As its name implies, the summary book contains an overview of fishing regulations. It also provides many fishing tips and other valuable information.

If you need to know more about how to fish, try our Fishing Fundamentals page, which provides information about fish, how to fish and where to go fishing.

And don't forget, a Pennsylvania fishing license is required to fish in PA. We have a separate FAQ specific to fishing licenses. More information about costs and types of licenses, trout/salmon stamps, and fishing regulations and laws is available.

## Fish-For-Free Days

Fish-for-Free Days allow anyone (resident or non-resident) to legally fish with **NO FISHING LICENSE REQUIRED** to fish on all Pennsylvania's waterways on the designated days. All other fishing regulations still apply. Two dates are typically chosen on Memorial Day and Labor Day.

***Fish-for-Free Days are great ways for families to "catch" the fun of fishing!***

## Get Your Fishing License & Go WILDS!

Pennsylvania offers a variety of tourist and resident license options – from a one-day permit to a lifetime license – so there's one that's just right for you. And getting your license is quick and easy. Licenses can be purchased and printed from the convenience of your own home. Simply visit [www.fishandboat.com](http://www.fishandboat.com) and click on the "Get Your Fishing License" link on the home page or purchase your license at one of 1200 issuing agents statewide. Anglers 16 years of age and older must possess a valid fishing license to fish in Pennsylvania.

## Pick the license that best fits you.

| TYPE OF LICENSE                                                             | AGE     | COST    |
|-----------------------------------------------------------------------------|---------|---------|

For information on opening days, creel limits, sizes, and other regulations to fish the PA Wilds, refer to the *Summary of Fishing Laws & Regulations* that you receive with the purchase of your PA fishing license. The summary of regulations is also available online at [www.fishandboat.com](http://www.fishandboat.com).

## Practice Safe Boating!

The PA Wilds is a great place to fish from a boat, but it is essential to practice safe boating. All boat operators are required to have an approved life jacket on board for each person. All children 12 years of age and younger are required to wear a properly sized life jacket when underway on Commonwealth waters on any boat 20 feet or less in length and all canoes and kayaks. All water skiers or anyone being towed behind a boat, personal watercraft operators and passengers, and sailboarders (windsurfers) must also wear a life jacket. The PA Fish and Boat Commission recommends that every occupant on board a boat wear a USCG approved Type I,II,III, or V wearable life jacket. For more information on safe boating, registration, titling and other boating regulations, refer to the Boating Handbook available online at [www.fishandboat.com](http://www.fishandboat.com).
